Howrah.—No. 2074M.—12th July 1929.—The following proposed plan for lighting a portion of the Bally Municipality in the district of Howrah, which has been submitted by the Commissioners of that municipality to the Government of Bengal for sanction under sections 308 and 319 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), read with rule 2 (2) of the Transferred Subjects (Temporary Administration) Rules, is published for the information of persons likely to be affected thereby.

2. The proposed plan will be taken into consideration on the 2nd September 1929, and any objection or suggestion which may be received by the undersigned through the District Magistrate before that date will be duly considered:—

Proposed Plan.

1. The portion of the Bally Municipality which it is proposed to be lighted with electricity is defined below:—

North—Bally Khal.

East—River Hooghly.

South—A line as indicated by boundary marks, commencing from the river Hooghly at the eastern extremity of the road (now closed), formerly known as Joya Bibi Lane, but now included within the Central Jute Mill; thence along the line formerly occupied by that road to the existing Joya Bibi Lane, thence along the western and northern side of Joya Bibi Lane up to its junction with the bustee road at the south of the Victoria Cotton Mill; thence along the northern side of that road to its junction with Girish Ghosh Lane; thence across Girish Ghosh Lane to Chandapara Lane up to its junction with Grand Trunk Road; thence along the western side of the Grand Trunk Road up to its junction with Kali Mozumdar Road; thence along the northern side of Kali Mozumdar Road up to its junction with Dharmatola Lane; thence along the eastern and northern sides of Dharmatola Lane to a point where it meets the East Indian Railway line at the centre of the up-passenger main line.

West—East Indian Railway line.

2. Four hundred additional electric lamps will be installed on the roads as shown in the accompanying statements A and B. The Commissioners have entered into an agreement with the Calcutta Electric Supply Corporation, Limited, for the installation of these lamps and for their maintenance at the annual rate of Rs. 30-6-10 and Rs. 19-14-1 for each lamp of 60 and 30 watts, respectively, or at a total cost of about Rs. 8,220 burning 25,000 hours per annum.

3. The Municipal Commissioners propose to meet the charge to be incurred on account of lighting the aforesaid area by imposing an annual lighting rate of 2 per cent. on the annual value of all holdings situated within the area to be lighted as defined in paragraph 1 of the plan. The income to be derived from the lighting rate from the aforesaid area is estimated to be about Rs. 8,300.

FINANCE DEPARTMENT.

Separate Revenue.

NOTIFICATION.

No. 442S.R.—23rd July 1929.—In exercise of the power conferred by section 27 of the Court-fees Act, 1870 (VII of 1870), the Governor in Council is pleased to order that the following amendments be made to the rules published under the Government of Bengal, Finance Department, notification No. 275S.R., dated the 9th March 1907. The amended rules will come into operation with effect from the 1st August 1929.

1. In rule 53 of the said rules for the words "Controller of Printing, Stationery and Stamps" substitute the words "Collector of Stamp Revenue, Calcutta."

2. For rules 55 and 56 of the said rules substitute the following, namely:—

"55. At convenient intervals, not less frequent than once a fortnight, stamped papers, in respect of which refund or renewal has been granted, shall be forwarded by the Collector (except the Collector of Calcutta) to the Collector of Stamp Revenue, Calcutta, in a sealed packet for destruction, together with an extract from the refund register relating to each stamp.

56. On receipt of covers containing these stamps, they shall be opened in the presence of the Collector of Stamp Revenue who will check the contents with reference to the extracts from the refund register. He will then examine the stamps to see that they have been correctly cancelled according to rule and to ascertain that they are genuine and in order, will compare them with a certified set of stamps which shall be kept in his custody for the purpose. Stamps shall be

entered in order of receipt in a manuscript register in the following form:—

Letter forwarding stamps.			Description of stamps.	Quantity.	Face value.	Date of destruction and initials of Collector of Stamp Revenue.	Remarks.
From.	No.	Date.					
					Rs. A.		

At convenient intervals as stamps accumulate, they shall be burnt in the presence of the Collector of Stamp Revenue, who will initial the register after the date of destruction has been entered therein. A destruction certificate in the following form shall be prepared in triplicate, the original copy being sent to the officer forwarding the stamps, the duplicate to the Accountant-General, Bengal, and the triplicate retained in the office of the Collector of Stamp Revenue.

Office of the Collector of Stamp Revenue,
Calcutta.

Destruction Certificate No.

of..... the undermentioned stamps,
as per his letter No....., dated.....

Description of stamps.	Quantity.	Face value.	Remarks.
		Rs. As.	

Certified that I have destroyed the above-noted stamps amounting in face value to Rs.....

(in words).....

Collector of Stamp Revenue,
Calcutta.

Date.....

57. Spoilt, unsaleable and unserviceable stamps shall be sent to the Collector of Stamp Revenue for destruction in like manner, with a statement showing the description of the stamps, their quantity and face value and an explanation of the circumstances under which their destruction was rendered necessary. The Collector of Stamp Revenue shall dispose of them in the manner set out in rule 56, entering them in the receipt register and destruction certificate. When damaged stamps are sent to the Collector of Stamp Revenue owing to stamps sticking together, whole sheets should not be sent, but only stamps which have actually stuck together.

58. In cases where stamps are received without extracts from the refund register or without the statement required in rule 57 or where discrepancies between the register or statement and the actual quantity or value of stamps received or any other irregularity are noticed, the stamps shall not be destroyed until the irregularity has been adjusted. In cases where an irregularity or discrepancy cannot be reconciled, the Collector concerned shall be informed and he shall report the case for orders of the Government of Bengal in the Finance Department.

59. To supervise the destruction of stamps of the Calcutta Collectorate an officer shall be appointed, who will attend at the office of the Collector of Calcutta as required for this purpose. On the day prior to the day on which he will attend, a destruction certificate in duplicate and for damaged stamps a statement as prescribed in rule 57 will be prepared in the Calcutta Collectorate for all stamps ready for destruction up to the close of the day next but one before the day fixed for the attendance of the appointed officer. This officer on arrival shall compare the stamps for destruction with the entries in the refund register or the statement of damaged stamps and the destruction certificate. He shall also examine the stamps to see that the stamps in respect of which refund or renewal has been granted have been correctly cancelled according to rule, and to ascertain that all stamps for destruction are genuine and in order, shall compare them with the certified set of stamps kept in the custody of the Collector for this purpose. He shall then supervise the burning of the stamps and shall afterwards note the date of destruction in the refund register and sign both the refund register and the destruction certificate. The duplicate copy of the destruction certificate shall forthwith be sent to the Accountant-General, Bengal. In cases where any discrepancies or irregularities are noticed, the procedure set out in rule 58 of these rules shall be followed.

IRRIGATION DEPARTMENT.

NOTIFICATIONS.

[Fifth Publication.]

No. 141.—The 7th June 1929.—The following draft of rules, which, in exercise of the powers conferred by section 11 of the Canals Act, 1864 (Bengal Act V of 1864), and in supersession of the previous notification on the subject, No. 5, dated the 12th April 1915, the Governor in Council intends to make for the lines of navigation known

as the Eastern Canals and the Outer Boat Route, as defined in notification No. 230, dated the 23rd July 1895, and for the navigable channels extending from Khulna in the district of Khulna to Magura in the district of Jessore, as defined in notification No. 7, dated the 1st September 1914, is hereby published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

The draft will be taken into consideration on or after the 15th August 1929, and any objections or suggestions which may be received by the undersigned before that date will be duly considered.

Draft rules.

1. The Superintending Engineer, Southern Circle, may define the limits within which no loading or unloading of cargo from or to vessels or mooring of vessels shall be permitted. The prohibited reaches shall be notified by the supervisor of the channels by posting notices on sign-boards in the locality and also by beat of drum.

2. At places where mooring posts have been provided by the supervisor, vessels desiring to moor shall be made fast to such posts by the bow and stern in a single line along the banks or in such other manner as the supervisor may direct.

3. Vessels, while moored, should be kept as close to the banks as possible. As the water falls, the bow and stern ropes should be slackened and the vessels gradually pushed towards the centre of the channel. During flood tide vessels must be brought as close to the bank as possible.

4. While mooring at the tow-path side all vessels must lower sail and mast and must not erect any high pole, so that the towage of other vessels may not be obstructed.

5. In order to avoid collision or confusion, vessels waiting at the junction of two or more rivers for a favourable tide must be moored at a distance of not less than 1,000 feet from the point of junction.

6. No vessel or raft shall be moored in such a position or navigated in such a way as to endanger the safety or obstruct the passage of other vessels but must be so moored or navigated as prescribed by these rules or as directed by the supervisor of the channel or his assistants.

7. The supervisor may, by posting notices, prohibit the dropping of anchors or the erection of bamboos or poles in any part of the line of navigation.

8. No jetties, either permanent or temporary, for the purpose of loading or unloading cargo shall be constructed without the previous permission of the supervisor.

9. The supervisor, or an assistant authorised by him, may remove any vessel, anchor, pole, or any other thing which he may find in a position which is in contravention of rules 1 to 8 and may deal with them in such a manner as he thinks necessary.

10. Whenever a laden vessel is seized by the supervisor or by his assistants he shall give immediate notice of the same to the owner or his agent and require the removal of the cargo without delay, and shall warn him that he will be required to pay all expenses necessary for the proper custody and storage of the same.

11. Vessels plying in the narrow channels mentioned below shall not use sail:—

- (a) Guntia Khali khal (in the reach, mile 68 to mile 72).
- (b) Cut No. 2 (in the reach, mile 78 to mile 82).
- (c) Baitaghata khal (in the reach, mile 102 to mile 107).
- (d) Alaipur khal (in the reach, mile 121 to mile 130).
- (e) Bemorta khal (in the reach, mile 136 to mile 143).
- (f) Damodar khal (in the reach, mile 152 to mile 156).
- (g) Banstoli khal (Outer Boat Route).

12. Where there is a tow-path on one bank only, vessels plying with the current shall keep to the opposite bank, and allow towage to those proceeding against the current.

13. No person is permitted to place any obstruction on the channel banks, roads, drains, canal side bridges, etc., which will impede a free passage along them, or cause injury to them, or to commit any nuisance, or to deposit any obnoxious material thereon or in the channel.

14. No person shall deposit goods of any description on the slopes of the channel between the water line and the high bank, without the previous permission of the supervisor except during the actual process of loading or unloading vessels.

15. All timber must be drawn up on to the bank well above the water.

16. No person shall wilfully or negligently allow a vessel to sink in any part of the line of navigation.

17. All vessels, whether travelling or moored in the channel, between sunset and sunrise, must carry a white light in a lantern on the fore-part of the vessel, where it can be distinctly seen from all sides. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the light prescribed in the first part of this rule. This rule does not apply to small uncovered dinghies, not exceeding 15 feet in length, while moored along the bank.

18. The supervisor may, by posting notices on sign-boards, specify a speed-limit for vessels in any reach.

19. *Wrecks.*—In the case of a wreck the supervisor or his subordinates shall offer every assistance in removing the same.

20. It shall be the duty of the supervisor to mark the wreck and to erect warning signals to avoid danger to navigation.

21. If, after seven days of the occurrence of a wreck, prompt measures are not taken by the owner to remove it from the line of navigation, the supervisor, after giving notice to the owner, may arrange for the removal of the same at the expense of the owner. Further, if a wreck obstructs the fairway, the supervisor may take action at once to remove the same and may incur whatever expense is necessary.

22. In the event of the salvage of a wreck being undertaken by the owner of the vessel, or by his agent, and of the obstruction not being removed within seven days, a fine not exceeding Rs. 5 per day for the period commencing from the 8th day of the wreck, or any other day specified by the supervisor, till the wreck is salvaged, shall be paid by the owner to the supervisor. If the fine be not paid by the owner or his agent, the vessel or any portion of the cargo may be seized by the supervisor and disposed of by sale as directed in section 9 of the Canals Act 5 of 1864.

23. When the supervisor or his assistants remove a wreck, they shall not be liable for any damage to the vessel or cargo, or for any loss before, or in the process of salvage done by them.

24. As soon as a wrecked vessel is salvaged by the supervisor or his staff, a notice shall be issued by him calling on those concerned to pay to the supervisor all the charges incurred by him on account of the salvage of the vessel or of removing or guarding the cargo under the following heads:—

- (i) Actual cost of salvaging the vessel.
- (ii) Cost of serving the notice.
- (iii) Cost of removal, maintenance, custody and protection.
- (iv) Godown charges.

In case of any dispute regarding such charges, the Executive Engineer concerned, on receipt of a written application from the owner of the vessel, shall decide the amount to be paid and his decision shall be final.

25. The vessel, or its cargo, shall not be handed over to the owner until the charges levied under rule 24 have been paid.

26. If, within fifteen days from the publication of a notice under rule 24, or in the event of an application to the Executive Engineer appealing against the notice within fifteen days of the date of the Executive Engineer's decision, the sum demanded be not paid, the vessel, its furniture and any portion of the cargo recovered, shall be sold by the supervisor, by public auction, and the proceeds dealt with in accordance with section 9 of the Canals Act 5 of 1864.

27. All notices under rules 21, 22 and 24 shall be issued in writing by the supervisor, and despatched in a registered cover to the owner of the vessel. If the owner be not known or cannot be traced, a general notice shall be posted on the notice board of the Executive Engineer's office. Also it shall be announced by beat of drum at the place nearest to the place of salvage, and also by advertisement in at least one English and one vernacular Calcutta or local newspaper.

28. No officer of any description or rank employed on the canals shall, either directly or indirectly, bid for or purchase any article sold under these rules or under the provisions of the Act.

29. For any infringement of rules 1 to 8 and 11 to 18, the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 and to an additional fine not exceeding Rs. 5 for each day that the infringement is continued.

No. 191.—19th July 1929.—In exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council is pleased to make and fix, with effect from the 10th August 1929, the following rules and schedule of rates of toll for the Nalchiti-Koterdone Khal joining the Nalchiti river in the north and Biskhali Done leading to the Bakarganj river in the south, in the district of Bakarganj:—

Rules and schedules of rates of tolls.

1. Every vessel on entering the channel and before passing the gate at either end or even when entering the channel from a side khal between the gates shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, a vessel may be measured again by any person appointed by the District Board of Bakarganj on this behalf.

2. Vessels for the purpose of the determination of maundage shall be divided into two classes as below:—

Class I.—To include all vessels of the types of country boats, including saltees and hapors (fish cages), house boats, kosh boats, green boats, etc.

Class II.—To include steam boats, motor boats, flats and barges and other square-built vessels.

3. The maundage of every vessel, whether laden or empty, shall, for the purpose of Act V (B. C.) of 1864 and of these rules, be determined by the following measurements:—

CLASS I.

A. The product of one quarter the length of the vessel from stem to stern, measured along the water line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B. The measurement of the length is to be made in feet, rejecting inches; the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C. The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of $12\frac{1}{2}$ maunds, any remainder of less than $12\frac{1}{2}$ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D. **Saltees.**—The product of one quarter of the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

CLASS II.

For vessels of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I shall be increased by one-half. For vessels of this class above 5,000 maunds measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers and motor boats the maundage determined as above shall be reduced by one-third as an allowance of engine space.

For vessels of class II which are furnished with reliable way bills, the gross maundage of cargo shown by the way bills or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which tolls will be charged.

4. After the measurement the person in charge of the vessel shall be provided with a slip showing the maundage to be charged, which must be presented at the toll office where he will be provided with a ticket, after payment of toll, which will permit the vessel to pass the gate or proceed through the channel.

5. Every ticket shall have entered on it the name of the sarang, manjee or other person in charge of the vessel, the date of entry, the maundage, the cargo, the amount of toll charged and the number of days for which the ticket remains current.

6. All tolls are payable on demand and shall be paid at the toll office before a vessel is permitted to proceed.

7. The ticket must be kept on board the vessel and in possession of the person in charge of the vessel and must be produced for inspection when demanded by the person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rules 3 and 12 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section 9 of the Act.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a fee equal to one quarter of the total tollage, subject to a minimum fee of one anna per ticket.

9. All vessels, whether the property of Government, District Board, other local bodies or of private persons, are liable for toll except those specially exempted under these rules or by a resolution passed by the District Board of Bakarganj from time to time.

10. The canal may be closed once a year for effecting the necessary repairs to it on seven days' notice of the intention so to close it being given; but in the event of any sudden emergency the canal may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

11. No rafts exceeding 50 feet in length and 5 feet in breadth shall be permitted to enter the canals.

12. The rates of toll shall be as follows:—

- | | |
|---|----------------------|
| (1) On all vessels empty or laden, per hundred maunds | Twelve annas. |
| (2) On all vessels empty or laden, for 12½ maunds or less | One anna six pies. |
| (3) On rafts of bamboos, grass, timber, etc., not exceeding 50 feet in length and 5 feet in breadth | Six annas each raft. |

Tolls will be levied at Nalchiti and Koterdone.

13. For boats frequently using the canal, such as boats carrying passengers, grass or perishable articles monthly tickets will be issued at 10 times the ordinary toll.

14. Every vessel which has paid toll shall be allowed to remain in the canal for three days inclusive of the days of entry into and leaving the canal. A vessel remaining in any part of the canal longer than three days shall be charged demurrage equal to one-half of the toll for each day in excess of three days. No vessel shall be permitted to remain in the canal for more than one month. Provided that this rule shall not apply to vessels holding monthly tickets under rule 13 above, which may remain in the canal for more than three days without payment of demurrage but not for more than one month at a time.

15. No vessel carrying exclusively police officers or servants, soldiers and officers of the British Army, post mail runners, officers of the Irrigation Department on duty, officers and servants of the toll office for the canal referred to in these rules while on duty, or the vessels of such other persons as may be exempted by a resolution of the District Board of Bakarganj, shall be liable for toll in the canal.

16. Any matter relating to the mode of collection of tolls and other relevant points, not provided for in these rules, shall be decided by the District Board of Bakarganj at a meeting, and shall be subject to the approval of the local Government.

No. 201.—19th July 1929.—In exercise of the powers conferred on him by sections 78 and 99 of Act III (B. C.) of 1876, the Governor in Council is pleased to pass, with effect from the 10th August 1929, the following rules and to fix the undermentioned rates to be charged for water supplied from the Salbundh Canal in the Bankura district.

A draft of these rules was published in the *Calcutta Gazette* of the 13th, 20th and 27th June and 4th July 1929 under notification No. 131., dated the 7th June 1929:—

Leases for a term of years.

1. The country served by the canals shall be mapped out into blocks of convenient size in accordance with the features of the ground, natural or artificial. So far as may be practicable, the blocks shall be separated by drainage lines. This shall be done by the Subdivisional Canal Officer under the guidance and control of the Divisional Canal Officer.

2. Each block determined as above shall be numbered and recorded with its gross and irrigable areas in registers to be maintained by the Subdivisional Canal Officer. The blocks shall also be marked on maps to be maintained by the same officer.

3. Leases for not more than six years may be granted for the whole irrigable area of a block or for definite parts of a block under the following conditions:—

I.—Ordinarily the whole irrigable area of any village so far as situated within the block must be included in the lease. If the lands of a village within the block are divisible into two or more distinct parts which can be irrigated independently, a separate lease may be granted for each part.

II.—All leases within one block shall be so granted that they may expire on the same date.

III.—No lease shall be granted when the supply of water must of necessity be delivered across an unleased area, unless a channel exists, which, in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

4. The Superintending Engineer shall fix from time to time the gross area for which and the limits of the canal within which, leases for a term of years may be granted.

5. Maps of all villages in which lands have been brought under lease for a term of years, or in which there is any probability of such leases being taken, shall be kept in the Subdivisional Canal Office. These maps to be at scale 32"=1 mile when such are available, and elsewhere at scale 16"=1 mile.

6. The preliminary application for a lease for a term of years, either new or renewal, may be of an informal nature, but it must be in writing. It may be presented and shall be received either at the Subdivisional or Sectional Canal Office; in the latter case the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer. The Subdivisional Canal Officer as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block or a definite part of a block, and that it can be irrigated, shall at once inform the Divisional Canal Officer giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval the Subdivisional Canal Officer shall forward the preliminary application to the Circle Officer, Midnapore, in order that the detailed assessment may be taken in hand. The lands to be brought under lease shall be indicated on a copy of the map alluded to in rule 5.

7. The Circle Officer on receipt of the application shall depute an amin to prepare the *khasra* or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and *khasra*. Should the survey map and *khasra* not be available, the amin shall make a sketch map, and shall measure the areas of the holdings with a chain or measuring-rod.

8. When the amin has completed the *khasra*, the Circle Officer shall forward it to the Subdivisional Canal Officer for approval.

9. As soon as the *khasra* has been approved by the Subdivisional Canal Officer, he shall return it to the Circle Officer endorsed with his signature in token of approval.

The Circle Officer shall then prepare a *khatian* or abstract of the *khasra*, and shall have the form of application, given as Appendix No. I to these rules, filled up and signed or marked by each of the applicants, in the presence of two witnesses.

When the application has been completely signed, the Circle Officer shall send it to the Divisional Canal Officer, by whom the permit or formal approval of the lease shall be signed and issued in the form given as Appendix No. III to these rules. The permit shall be made over to the representative of the cultivators by the Subdivisional Canal Officer by means of his Sectional Officer. The Divisional Canal Officer shall return the application to the Circle Officer, Revenue Division, with a copy of the permit for record.

10. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that certain of them decline to sign the application, the Circle Officer shall report the matter to the Subdivisional Canal Officer. This officer shall hold a local enquiry, recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide whether the lease may be accepted excluding the fields in the occupation of the persons who decline to sign, or whether the lease shall be declined. The Divisional Canal Officer is authorised to grant a lease when not less than 95 per cent. of the net irrigable area of the block has been signed for. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reasons for granting the lease shall be fully recorded.

Covering Leases.

11. Applicants for a lease for a term of years who may require water before the lease has been concluded can obtain a supply on tendering an application for a covering lease in the form given as Appendix No. II to these rules. This application must be signed in the presence of the Tahsildar or of some other responsible officer nominated for the purpose by the Subdivisional Canal Officer. The signatures should be those of the leading cultivators in the block in question and they should represent holders of not less than 75 per cent. of the irrigable land within the block.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given as Appendix No. IV to these rules, and shall at once supply water.

Season Leases.

12. Applications for water to irrigate spring rice or other crops between the 16th November and 15th June, may be presented at the Subdivisional Canal Office or to the Sectional Officer. They must be in the form given as Appendix No. V to these rules.

In the applications the areas for which water is required must be specified but the rate will be charged on those areas for which water is actually used as determined by measurement.

The permit in the form given as Appendix No. VI to these rules will be granted by the Subdivisional Canal Officer if he is able to supply the water.

Supply of water.

13. The Divisional Canal Officer shall control the supply of water throughout the Division in his charge.

14. No water shall be supplied to any lands except such as have been brought under a lease for a term of years or for the season, or to such as are provided for by a covering lease.

15. Under the forms of irrigation lease in use, no specific supply of water is promised: but the undertaking is to give such a supply to each lessee as may be necessary for the lands leased. The supply shall be given, as may be required for the proper cultivation of the crops under irrigation, according to the exigencies of the season.

16. The Divisional Canal Officer is empowered to give the required supply by rotation, should this be advisable for the efficient working of the canals in his charge. In such a case, he is required to give the lessees written notice informing them of the periods when they will be supplied with water.

Collection of water-rates.

17. The rates due for water supplied shall be collected by the Circle Officer or other officer in charge of the Revenue Division, Midnapore, through his staff of Tahsildars and peons. All *khatians* or demand statements shall be signed by the Circle Officer or other officer in charge of the Revenue Division after scrutiny in his office.

18. At the time of preparation of the *khatian* in the Circle Officer's office, each person assessed shall be furnished with an extract from the assessment paper, showing the particulars of the charge against him. This extract shall be furnished in such form as may from time to time be approved for the purpose.

19. Each person on paying the sum due from him shall be given a receipt in the form prescribed for the purpose.

20. For the purposes of account, of control over establishment, and of general administration, the Circle Officer or other officer in charge of the Revenue Division is in the position of an Executive Engineer in charge of a division, and is directly subordinate to the Superintending Engineer. In regard to any proceedings taken under the Public Demands Recovery Act the Circle Officer is subject to the control of the Collector of the district.

Unauthorized use of water and waste of water.

21. Should it be necessary to take action under the provisions of sections 79 and 80 of the Act, proceedings shall be instituted only under the direct and special order of the Divisional Canal Officer. The primary record of the facts regarding the unauthorized use or the waste of water shall be made by the Subdivisional Canal Officer and his subordinates. The parties whom it is proposed to assess shall be informed in writing, and shall be called on to show cause why they should not be assessed. The record of their statements shall be made by the Divisional or by the Subdivisional Canal Officer. The Divisional Canal Officer shall consider the facts and statements recorded, and shall, in deciding the case, give his reasons for or against assessment, both as regards the facts and as regards the law; and he shall determine the rate to be charged subject to the provision in the schedule of rates attached to these rules.

22. Should the Divisional Canal Officer decide on making an assessment, he shall have the assessment paper prepared by the Subdivisional Canal Officer and his staff. Each person assessed shall be furnished with a statement of the charge against him, and an abstract of the demand or *khatian* shall be sent to the officer in charge of the Revenue Division, who shall proceed to recover the sums assessed. The period of one month within which an appeal may be presented to the Collector under section 91 of the Act shall count from the date on which the statement of the charge may be furnished to the person assessed, which date shall be endorsed on it.

23. No proceedings shall be instituted if the unauthorized use or the waste of water have occurred through the act or neglect of a Canal Officer or subordinate employed on the Canal. During the irrigation of autumn rice, the passing on of surplus water from leased to unleased fields is not an unauthorized use of water.

Complaints and Applications.

24. All complaints or applications with respect to the supply of water, to defective drainage, and generally with respect to the administration of the canal, shall be received on presentation at either divisional or subdivisional canal offices.

Complaints and applications received by a Divisional Canal Officer may be transferred to his Subdivisional Canal Officers for disposal at his discretion.

Any such complaints or applications, if presented to the Circle Officer or to his staff, shall be returned endorsed with instructions as to the proper office at which to present them. If received by post, they shall be at once forwarded to the Divisional or Subdivisional Canal Officer.

25. Complaints or applications with respect to corrections of the assessment with respect to the actions of the amins in assessing and with respect to the actions of the tahsildars and other staff employed in collections, shall be received at the office of the Circle Officer or other officer in charge of the Revenue Division.

26. Receipts in the prescribed form shall be given at all offices for complaints or applications presented. The receipt of all complaints and applications shall be recorded in registers to be kept for that purpose.

27. The Officer receiving the complaint or application shall either make a personal enquiry into the matter or he shall nominate in writing some responsible person to hold the enquiry.

28. The orders passed on all complaints or applications shall be in writing, and a copy of every order shall be furnished to the complainant or applicant.

The copy of order may be sent by post (registered), if this is convenient.

The period within which an appeal may be presented under section 91 of the Act shall be reckoned from the date on which the copy of the order is received by the person.

29. When an appeal to the Collector is from the order of a Subdivisional Canal Officer, the proceedings shall be called for through the Divisional Canal Officer, who may record on them such remarks as he may think desirable, provided that he does not thereby detain the proceedings.

In all cases in which an appeal against an assessment is preferred to the Collector, that officer may, if he thinks fit, direct that the collection of water-rates be suspended till the appeal is heard.

30. The Divisional Canal Officer is empowered to revise the proceedings of his Subdivisional Canal Officers, and the Superintending Engineer is empowered to call for and to revise the proceedings of all officers under his control.

Remissions and Alterations of Demand.

31. Whenever the crop on land entitled to a supply of water suffers material injury from an insufficient supply of water, or from any interruption in the supply of water, remission of the rate due on such crop shall be given by the Divisional Canal Officer, provided that the person claiming remission shall have applied for such not less than 15 days before the reaping of the crop.

32. On the occasion of lands being brought under a lease for a term of years, the Divisional Canal Officer is empowered to remit the rates for the first season on those fields which from the nature of the cultivation then obtaining, or from other causes, have not, in that season, derived any benefit from the supply of canal water.

33. Should the crop on lands under lease for a term of years suffer material injury from excess of water due to deficient drainage, the Divisional Canal Officer may grant remission of the rates due on such lands in whole or in part, provided that the person asking for remission shall have applied at least 15 days before the reaping of the crop.

34. Revisions of the assessment required in consequence of land under lease being left uncultivated or of land being appropriated for purposes other than cultivation shall be made under the orders of the Divisional Canal Officer.

35. Revisions of the assessment required in consequence of incorrect entries of the names of occupants of lands under lease or of incorrect entries of areas or amounts in the assessment papers, or required by changes in the occupation of lands shall be made under the orders of the Circle Officer or other officer in charge of the Revenue Division, provided that no change involving any increase or decrease in the total area under lease for a term of years shall be made without the concurrence of the Divisional Canal Officer.

36. Remissions of water-rates on account of injury to the crops caused by inundation, by blight, by storms or by any extraordinary cause will only be allowed under the special orders of the Local Government.

Irrecoverable Demands.

37. The Superintending Engineer is empowered to sanction the write-off of those demands which are reported, after due enquiry by the Circle Officer or other officer in charge of the Revenue Division, as irrecoverable owing to the poverty of the defaulter or of his successors in case of his death, or owing to the defaulter having absconded.

Cultivators' Representatives.

38. Whenever the preliminary application for a lease for a term of years has been approved by the Divisional Canal Officer, the officer in charge of the Revenue Division shall, with the concurrence of the Subdivisional Canal Officer, select as representative of the cultivators a suitable person or persons who shall generally be acceptable to the cultivators and who shall each have a direct interest in the land for which the lease is executed.

39. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

- (i) In the preparation of applications for leases.
- (ii) In the measurement of irrigated lands.
- (iii) In recording the names of the occupiers of the holdings.
- (iv) In receiving demand statements and distributing to the cultivators the individual notices of assessment.
- (v) In attending, when required, at enquiries into complaints.
- (vi) In reporting to the Circle Officer any changes in the occupancy of lands under lease.
- (vii) In assisting the tahsildar in collecting rates.

40. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his or in their own occupation, which may lie within the boundaries of the leased area subject to a total limit of 3 per cent. of the area assessed. The Circle Officer or other officer in charge of the Revenue Division may disallow in whole or in part this free irrigation, and may recover the rates which would otherwise have been payable in whole or in part if the assistance specified in rule 39 has not been efficiently rendered. The reasons for such disallowance shall be recorded in writing.

41. The Circle Officer shall maintain in his office a register containing a record of the names of all representatives and of the areas of free irrigation allowed to each.

42. Applicants for season leases shall be required to nominate one of their number who must have a substantial interest in the land to be irrigated as their representative. The representative so nominated shall perform the same duties as stated in rule 39 and shall receive remuneration on the same scale as in rule 40.

Power to decline or cancel leases.

43. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Engineer to direct that the lease shall be cancelled with effect from the 16th of June next following. The order to cancel a lease shall be passed before the 1st of April of the year in which it is to take effect.

44. The Superintending Engineer may give directions to the Divisional Canal Officer to decline applications for irrigation leases of lands in villages where there has been persistent difficulty in realizing the water-rates, until all arrears have been paid.

He may further suspend, or altogether cancel, any lease for a term of years, if on the 1st June of any year water-rates to the extent of half the demand for one year are in arrears. Previous notice of intention to put this rule in force shall be given not later than the 15th April preceding.

Miscellaneous.

45. Tanks may be supplied with canal-water without charge, when water can be made available without injury to the cultivation dependent on a canal, under the following conditions:—

- (i) That the water is to be exclusively used for domestic purposes, or for watering cattle.
- (ii) That a channel exists through which water can pass without waste.
- (iii) That the water shall only be supplied on the written order of the Subdivisional Canal Officer.
- (iv) That any new outlet or sluice which may be required to allow of the supply being given shall be provided at the cost of the persons who ask for the water.
- (v) That the supply of water may be stopped at any time if it is found that it is being misused.

46. Except when a public right-of-way exists, no person shall, without the permission expressed in writing of the Divisional or Subdivisional Canal Officer, pass himself, or cause any animal or vehicle to pass, on or across any of the works, banks or channels of a canal, or drainage work which is part of the canal system except by means of such bridges, fords and ferries as may have been provided for the purpose.

Any person who, after due warning, commits a breach of this rule may be proceeded against under section 93, clause (9), of the Irrigation Act.

47. The use of any part of the banks or berms of any canal, drainage work which is part of the canal system, or flood embankment which is subject to the provisions of the Irrigation Act, as a place for relieving the calls of nature, is prohibited. Any person who after due warning commits a breach of this rule may be proceeded against under section 93, clause (9), of the Irrigation Act.

48. Should water be required for purposes other than irrigation, it may be supplied, when available, at a rate of one rupee per 10,000 cubic feet of water.

49. No officer employed on the canals, unless especially exempted by the Governor in Council from the operation of this rule, shall have any interest in the distribution of water from any of the canals or purchase or bid for any Government property sold thereon either in his own name or in the name of another, or jointly, or in shares with others.

Schedule of rates for water supplied from the Salbundh Canal.

Rs. A.
For water supplied on a lease for a term of years—supply given from 16th June to 15th November of each year. 2 4 per acre per season, up to the 15th November 1931.

The rate is due in two equal instalments on the 1st of January and the 1st February of each year. Provided that when the sum payable by any lessee is less than Rs. 10, the whole amount shall be due on the 1st of January in each year. 3 0 per acre per season, after the 16th June 1932.

For water supplied on a covering lease to irrigate lands for which a preliminary application for a lease for a term of years has been received and failing the completion of the same. 3 0 per acre, up to the 15th November 1931.

Supply given from date of covering lease to 15th November of that year. The rate is due as in case of lease for a term of years. 4 0 per acre, after the 16th June 1932.

For water supplied on a season lease for the irrigation of any crops between 16th November and 15th June. 3 0 per acre.

The rate is payable on 1st June following.

For the unauthorised use of water or for the waste of water such rate may be charged as determined by the Divisional Canal Officer under rule 21 subject to a maximum of Rs. 5 per acre or 2 rupees per 10,000 cubic feet, if taken into tanks, etc. Such rates shall be due on presentation of the notice of assessment to the person assessed.

Appendix I.

[Referred to in rule 9.]

Application for a lease for a term of years.

(Yearly rate, per acre: water to be supplied each year from the
16th June to 15th November only.)

We, the undersigned, of mauza _____, pargana _____, thana _____, apply for water to be supplied from the Salbunndh Canal for a term of _____ years, commencing on the 16th June and ending 15th November. The supply of water is required for the irrigation of the block of land formed by our holdings as specified below.

2. We agree that the amounts due shall be payable to the Circle Officer, Midnapore Revenue Division or other officer in charge of the Revenue Division, or to such person as he may appoint, on the 1st January and 1st February, or if Rs. 10 or under on 1st of January of each year, and shall be payable independently of our requiring water in any particular year or not.

3. We also agree to be bound by the rules published in the Calcutta Gazette for _____ pages, Notification No. _____.

4. We agree that this application shall not be deemed to have been completed until all the irrigable fields within the block have been signed for, and that failing such completion any covering lease which may have been granted shall be enforced.

5. We agree that the areas* and amounts as given in the statement below are correct at the commencement of the lease, and in token of agreement we attach our individual signature or mark.

6. Our heirs and representatives shall be bound by the terms of this agreement in case of our decease.

English Department—Civil.

The 16th July 1929.

The following rules are hereby made with effect from the 1st day of August 1929 by the High Court of Judicature at Fort William in Bengal in exercise of the powers vested in it by sub-section (2) of section 491 of the Code of Criminal Procedure.

1. Rules 1 to 24 inclusive of Chapter XXXVIII of the rules of the High Court, Original Side, and Forms 2 to 6 (inclusive) in Appendix N to the said rules are hereby repealed and the remaining rules of the said Chapter are renumbered accordingly.

2. After rule 29 of Chapter XI of the rules of the High Court, Appellate Side, the following shall be added:—

E.—Applications under section 491 of the Code of Criminal Procedure.

30. All applications for orders under clauses (a), (b), (c), (e) and (f) of section 491 of the Code of Criminal Procedure shall be made before the Division Bench taking the criminal business of the Appellate Side of the High Court.

31. Such applications shall be made by Advocates, and Attorneys may instruct such Advocates.

32. Applications for orders under clauses (a), (b), (c), (e) and (f) of section 491 of the Criminal Procedure Code shall be made on petition duly verified by affidavit setting forth the circumstances under which the order is sought.

33. Where the application is for an order under clause (c) it shall be stated where the prisoner is detained and for what purpose his evidence is required.

34. When an order under clause (d) is required the presiding officer of the Court-martial or the presiding officer acting under the Commissioner from the Governor-General in Council may send an application to this Court in writing and in such case an affidavit shall not be required. The application shall be in the form of a letter addressed to the Registrar, stating the purpose for which the said Court-martial has been assembled or the authority under which the said Commissioners are acting, and also stating where the prisoner is detained in custody, and when, where, and for what purpose he is required to be produced. It shall be the duty of the Registrar to submit the letter as soon as possible after the receipt thereof to, and to obtain the order thereon of, the Judges presiding over the Criminal Appellate Bench of this Court.

35. Where the application is for an order under clause (e), notice of the application shall be served on the prisoner and it shall be stated in the affidavit where the prisoner is detained in custody, to what other custody it is proposed to remove him and the reason for such change of custody.

36. Where the application is for an order under clause (f), the Sheriff's return of *cepi corpus* to the warrant of arrest shall be produced. The officer having the custody of the Sheriff's return shall cause the same to be produced before the Court on a requisition to him in writing.

37. In any case in which the Court shall order a person in custody to be brought either before it, or before a Court-martial, or before Commissioners acting under the authority of a commission from the Governor-General in Council, or to be removed from one custody to another, a warrant shall be prepared and signed by the Registrar of the Appellate Side, and sealed with the seal of the Court.

38. Such warrant where issued under rule 34 shall be forwarded by the Registrar of the Appellate Side to the officer in charge of the jail in which the prisoner is confined; in every other case the warrant shall be served personally upon the person to whom it is directed or otherwise as the Court shall direct.

39. Where the application is to bring up before the Court a person in custody under a warrant to detain such person, a copy of the warrant under which he is detained, obtained from and authenticated by the signature of the person in whose custody the applicant is, shall be produced to the Court, or it shall be shown by affidavit that it has been asked for and denied.

40. Where the Court is of opinion that a *prima facie* case for granting the application is made out, a rule *nisi* may be issued calling upon the person or persons against whom the order is sought to appear on a day to be named therein to show cause why such order should not be made and at the same time to produce in Court the body of the person or persons alleged to be illegally or improperly detained then and there to be dealt with according to law.

41. On the return day of such rule or on any day to which the hearing thereof may be adjourned, where no cause is shown, or where cause is shown and disallowed, the Court shall pass an order that the person or persons improperly detained shall be set at liberty or delivered to the person entitled to their custody. Where cause is allowed the rule shall be discharged.

42. In disposing of any such rule the Court may in its discretion make an order for the payment by one side or the other of the costs of the rule.

43. The forms of warrants at the end of this Chapter shall be followed.

3. The following forms shall be inserted at the end of Chapter XI aforesaid:—

NOTIFICATIONS.

Howrah.—No. 2074M.—12th July 1929.—
The following proposed plan for lighting a portion of the Bally Municipality in the district of Howrah, which has been submitted by the Commissioners of that municipality to the Government of Bengal for sanction under sections 308 and 319 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), read with rule 2 (2) of the Transferred Subjects (Temporary Administration) Rules, is published for the information of persons likely to be affected thereby.

2. The proposed plan will be taken into consideration on the 2nd September 1929, and any objection or suggestion which may be received by the undersigned through the District Magistrate before that date will be duly considered:—

Proposed Plan.

1. The portion of the Bally Municipality which it is proposed to be lighted with electricity is defined below:—

North—Bally Khal.

East—River Hooghly.

South—A line as indicated by boundary marks, commencing from the river Hooghly at the eastern extremity of the road (now closed), formerly known as Joya Bibi Lane, but now included within the Central Jute Mill; thence along the line formerly occupied by that road to the existing Joya Bibi Lane, thence along the western and northern side of Joya Bibi Lane up to its junction with the bustee road at the south of the Victoria Cotton Mill; thence along the northern side of that road to its junction with Girish Ghosh Lane; thence across Girish Ghosh Lane to Chandapara Lane up to its junction with Grand Trunk Road; thence along the western side of the Grand Trunk Road up to its junction with Kali Mozumdar Road; thence along the northern side of Kali Mozumdar Road up to its junction with Dharmatola Lane; thence along the eastern and northern sides of Dharmatola Lane to a point where it meets the East Indian Railway line at the centre of the up-passenger main line.

West—East Indian Railway line.

2. Four hundred additional electric lamps will be installed on the roads as shown in the accompanying statements A and B. The Commissioners have entered into an agreement with the Calcutta Electric Supply Corporation, Limited, for the installation of these lamps and for their maintenance at the annual rate of Rs. 30-6-10 and Rs. 19-14-1 for each lamp of 60 and 30 watts, respectively, or at a total cost of about Rs. 8,220 burning 25,000 hours per annum.

3. The Municipal Commissioners propose to meet the charge to be incurred on account of lighting the aforesaid area by imposing an annual lighting rate of 2 per cent. on the annual value of all holdings situated within the area to be lighted as defined in paragraph 1 of the plan. The income to be derived from the lighting rate from the aforesaid area is estimated to be about Rs. 8,300.

24-Parganas.—No. 2131M.—17th July 1929.—The following draft of by-laws, which the Governor of Bengal proposes to make for the Garulia Municipality in the district of the 24-Parganas in exercise of the power conferred by sub-section (1) of section 71 of the Calcutta Hackney-carriage Act, 1919 (Bengal Act I of 1919), read with rule 2 (2) of the Transferred Subjects (Temporary Administration) Rules, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 11th September 1929, and any objection or suggestion received by the undersigned before that date through the District Magistrate will be duly considered:—

Draft by-laws under section 71 (1) of the Calcutta Hackney-carriage Act, 1919 (Bengal Act I of 1919), for the Garulia Municipality in the district of the 24-Parganas.

Appointment and duties of the Registering Officer.

1. Every hackney-carriage in the Garulia Municipality shall be annually registered by a Registering Officer who shall be appointed for the purpose by the Municipal Commissioners and who shall keep a register in which he shall enter the class and number assigned to every hackney-carriage.

Qualification of drivers.

2. Every person applying for a driver's license shall be required to satisfy the Registering Officer—

(a) that he knows how to drive and control horses and is in all respects a fit person for such employment;

(b) that he is well acquainted with the principal roads and places of interest in and around Garulia;

(c) that he has a thorough knowledge of the list of fares and tables of distances prepared by the Commissioners of the Municipality;

(d) that he knows the rules of the roads and the signals used by drivers.

3. Licenses for hackney-carriage drivers and bearers for palanquins and rickshaws will be in different forms. There shall be attached to each license in such manner as the Commissioners may prescribe—

(a) the thumb mark of the driver;

(b) a book of fares and distances to be prepared under the authority of the Commissioners.

4. Every driver of a hackney-carriage or bearer of a palanquin or a rickshaw shall carry with him and produce, when called upon to do so by any officer of the municipality or by his fare, his license with book of fares and distances supplied free of cost to every driver or bearer.

5. No hackney-carriage driver shall drive with his feet in any other position than on the foot-board of the vehicle, nor shall he muffle up his face and head in such manner as might endanger the proper driving of his vehicle.

6. No hackney-carriage driver shall be allowed to drive any licensed hackney-carriage or carriages other than those specified on his license without the permission of the Registering Officer.

Uniforms.

7. The uniform of the drivers shall be clean.

Description of horses, carriages, palanquins and rickshaws.

8. No horse shall be used to draw a hackney-carriage unless it has been passed by the Registering Officer and no horse shall be passed unless it is—

(a) not less than 14 hands high if intended to be used in a pair in a first class hackney-carriage;

(b) not less than 14.2 hands high if intended to be used singly in a first class hackney-carriage;

(c) not less than 13 hands high if intended to be used in a pair in a second class hackney-carriage;

(d) not less than 14 hands high if intended to be used singly in a second class hackney-carriage;

(e) not less than 12 hands high if intended to be used in a pair in a third class hackney-carriage;

(f) not less than 13.2 hands high if intended to be used singly in a third class hackney-carriage;

(g) thoroughly broken to harness;

(h) free from infectious or contagious disease; and

(i) sufficiently sound and strong for constant hard work.

9. The harness shall be black in colour, of a decent appearance, strong and in good repair; rope or iron chain traces may be used provided they be covered with leather. No string fastenings will be allowed.

10. First class hackney-carriages shall conform to the following dimensions and be of a pattern fixed by the Commissioners:—

	Ft.	In.
Width of seats	3	4
Breadth of front seats	1	4
Breadth of rear seats	1	6

In addition to the details required on the reverse clear information should be given below under the following heads :—

(a) If the ordinary surplus is sufficient to meet the charges of the proposed loan, the particular steps which the municipality has taken or has agreed to take, in order to make good the deficiency.

(b) The reserve of taxation or other possible means of increase in the revenue of the municipality. The rates at which each of the taxes mentioned in column 12 on the reverse are levied, other than tax on persons should be stated here.

(c) A statement of all outstanding loans specifying in respect of each loan, the date when taken, the purpose (very briefly), the amount, the annual charges involved and the amount still payable.

(a) The existing Water Works Loan of Rs. 2,00,000 will be paid off in full by March 1930, thereby relieving the fund by Rs. 14,622 annually. This annual savings will be more than enough to pay the annual instalment of the loan now proposed to be taken.

(b) The rapid expansion of the city is constantly increasing its revenue in the shape of rates and taxes. The house tax is levied at 10 per cent. of the annual value of holdings, water tax at 5 per cent. on houses having water connection and at 2 per cent. in houses having no water connection and the latrine tax is levied at a sliding scale.

(d) Any explanation in regard to receipts and expenditure to show the true financial position of the municipality when such position is otherwise than the ordinary surplus would indicate.

(d) The ordinary surplus shown in column 20 of the loan application overleaf may be taken to be a little higher than the actual normal surplus as the realisation under the heads taxes and rates contain some arrear collections as well. But no difficulty will arise for the payment of the loan charges in view of the remarks made in (a) above.

Khulna.—No. 2123P.H.—24th July 1929.—Under rule 7 of the Local Authorities Loan Rules, 1915, as subsequently amended, read with rule 2 (2) of the Transferred Subjects (Temporary Administration) Rules, it is hereby notified for general information that the Governor of Bengal intends to sanction the following application from the Chairman

of the Khulna district board for a loan of Rs. 20,000 from Government bearing interest at the rate of 6 per cent. per annum and repayable in 40 half-yearly instalments of Rs. 865-3-11 each, unless good reasons are shown to the contrary within one month from the date of publication of this notification within the said district board.

In addition to the details required on the reverse, clear informations are given below under the following heads:—

(a) If the ordinary surplus is insufficient to meet the charges of the proposed loan, the particular steps which the district board has taken or has agreed to take to make good the deficiency.

(b) Possible means of income in the revenue of the district board.

(c) A statement of all outstanding loans as well as the annual charges involved on their account.

(d) Any explanation in regard to receipts and expenditure to show the financial position of the board when such is otherwise than the ordinary surplus would indicate.

(a) It has been stated in paragraph (d) that the interest together with the capital would be met out of the sum annually set apart for the improvement of the rural water supply in the district. Virtually there is no deficit if the closing balance of the previous year is taken into account.

(b) The cess re-valuation operation is nearly over. And a substantial increase to the income is expected during the current year.

(c) (1) Loan of Rs. 40,000 taken on 20th March 1923, out of which 12 instalments of Rs. 1,873-2 each were paid up to date out of 40 instalments.

(2) Loan of Rs. 30,000 taken on 14th February 1925 out of which 8 instalments of Rs. 1,404-13 each were paid up to date out of 40 instalments.

(3) Loan of Rs. 30,000 taken on 11th March 1926, out of which 6 instalments of Rs. 1,404-13 each were paid up to date out of 40 instalments.

(4) Loan of Rs. 30,000 taken on 1st February 1928, out of which only 2 instalments of Rs. 1,297-14 each were paid up to date.

(d) Rupees 12,037 has been provided in the current year's budget out of the sum of Rs. 24,000 available annually for the improvement of water supply under 45-Civil Works and the balance of Rs. 11,962 (repayment of loan Rs. 4,189 and interest Rs. 7,773) has been provided. If the loan is granted there would be no difficulty in meeting the charges of the above sum.

The minus figure shown in column 20 of the application is due to the payment of the cost of the temporary establishment of the cess re-valuation operation, and also due to less collection of cesses on account of famine prevailing in this district.

[Sixth Publication.]

No. 141.—The 7th June 1929.—The following draft of rules, which, in exercise of the powers conferred by section 11 of the Canals Act, 1864 (Bengal Act V of 1864), and in supersession of the previous notification on the subject, No. 5, dated the 12th April 1915, the Governor in Council intends to make for the lines of navigation known as the Eastern Canals and the Outer Boat Route, as defined in notification No. 230, dated the 23rd July 1895, and for the navigable channels extending from Khulna in the district of Khulna to Magura in the district of Jessore, as defined in notification No. 7, dated the 1st September 1914, is hereby published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

The draft will be taken into consideration on or after the 15th August 1929, and any objections or suggestions which may be received by the undersigned before that date will be duly considered.

Draft rules.

1. The Superintending Engineer, Southern Circle, may define the limits within which no loading or unloading of cargo from or to vessels or mooring of vessels shall be permitted. The prohibited reaches shall be notified by the supervisor of the channels by posting notices on signboards in the locality and also by beat of drum.
2. At places where mooring posts have been provided by the supervisor, vessels desiring to moor shall be made fast to such posts by the bow and stern in a single line along the banks or in such other manner as the supervisor may direct.
3. Vessels, while moored, should be kept as close to the banks as possible. As the water falls, the bow and stern ropes should be slackened and the vessels gradually pushed towards the centre of the channel. During flood tide vessels must be brought as close to the bank as possible.
4. While mooring at the tow-path side all vessels must lower sail and mast and must not erect any high pole, so that the towage of other vessels may not be obstructed.
5. In order to avoid collision or confusion, vessels waiting at the junction of two or more rivers for a favourable tide must be moored at a distance of not less than 1,000 feet from the point of junction.
6. No vessel or raft shall be moored in such a position or navigated in such a way as to endanger the safety or obstruct the passage of other vessels but must be so moored or navigated as prescribed by these rules or as directed by the supervisor of the channel or his assistants.
7. The supervisor may, by posting notices, prohibit the dropping of anchors or the erection of bamboos or poles in any part of the line of navigation.
8. No jetties, either permanent or temporary, for the purpose of loading or unloading cargo shall be constructed without the previous permission of the supervisor.
9. The supervisor, or an assistant authorised by him, may remove any vessel, anchor, pole, or any other thing which he may find in a position which is in contravention of rules 1 to 8 and may deal with them in such a manner as he thinks necessary.
10. Whenever a laden vessel is seized by the supervisor or by his assistants he shall give immediate notice of the same to the owner or his agent and require the removal of the cargo without delay, and shall warn him that he will be required to pay all expenses necessary for the proper custody and storage of the same.

11. Vessels plying in the narrow channels mentioned below shall not use sail:—

- (a) Guntia Khali khal (in the reach, mile 68 to mile 72).
- (b) Cut No. 2 (in the reach, mile 78 to mile 82).
- (c) Baitaghata khal (in the reach, mile 102 to mile 107).
- (d) Alaipur khal (in the reach, mile 121 to mile 130).
- (e) Bemorta khal (in the reach, mile 136 to mile 143).
- (f) Damodar khal (in the reach, mile 152 to mile 156).
- (g) Banstoli khal (Outer Boat Route).

12. Where there is a tow-path on one bank only, vessels plying with the current shall keep to the opposite bank, and allow towage to those proceeding against the current.

13. No person is permitted to place any obstruction on the channel banks, roads, drains, canal side bridges, etc., which will impede a free passage along them, or cause injury to them, or to commit any nuisance, or to deposit any obnoxious material thereon or in the channel.

14. No person shall deposit goods of any description on the slopes of the channel between the water line and the high bank, without the previous permission of the supervisor except during the actual process of loading or unloading vessels.

15. All timber must be drawn up on to the bank well above the water.

16. No person shall wilfully or negligently allow a vessel to sink in any part of the line of navigation.

17. All vessels, whether travelling or moored in the channel, between sunset and sunrise, must carry a white light in a lantern on the fore-part of the vessel, where it can be distinctly seen from all sides. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the light prescribed in the first part of this rule. This rule does not apply to small uncovered dinghis, not exceeding 15 feet in length, while moored along the bank.

18. The supervisor may, by posting notices on sign-boards, specify a speed-limit for vessels in any reach.

19. *Wrecks.*—In the case of a wreck the supervisor or his subordinates shall offer every assistance in removing the same.

20. It shall be the duty of the supervisor to mark the wreck and to erect warning signals to avoid danger to navigation.

21. If, after seven days of the occurrence of a wreck, prompt measures are not taken by the owner to remove it from the line of navigation, the supervisor, after giving notice to the owner, may arrange for the removal of the same at the expense of the owner. Further, if a wreck obstructs the fairway, the supervisor may take action at once to remove the same and may incur whatever expense is necessary.

22. In the event of the salvage of a wreck being undertaken by the owner of the vessel, or by his agent, and of the obstruction not being removed within seven days, a fine not exceeding Rs. 5 per day for the period commencing from the 8th day of the wreck, or any other day specified by the supervisor, till the wreck is salvaged, shall be paid by the owner to the supervisor. If the fine be not paid by the owner or his agent, the vessel or any portion of the cargo may be seized by the supervisor and disposed of by sale as directed in section 9 of the Canals Act 5 of 1864.

23. When the supervisor or his assistants remove a wreck, they shall not be liable for any damage to the vessel or cargo, or for any loss before, or in the process of salvage done by them.

24. As soon as a wrecked vessel is salvaged by the supervisor or his staff, a notice shall be issued by him calling on those concerned to pay to the supervisor all the charges incurred by him on account of the salvage of the vessel or of removing or guarding the cargo under the following heads:—

- (i) Actual cost of salvaging the vessel.
- (ii) Cost of serving the notice.
- (iii) Cost of removal, maintenance, custody and protection.
- (iv) Godown charges.

In case of any dispute regarding such charges, the Executive Engineer concerned, on receipt of a written application from the owner of the vessel, shall decide the amount to be paid and his decision shall be final.

25. The vessel, or its cargo, shall not be handed over to the owner until the charges levied under rule 24 have been paid.

26. If, within fifteen days from the publication of a notice under rule 24, or in the event of an application to the Executive Engineer appealing against the notice within fifteen days of the date of the Executive Engineer's decision, the sum demanded be not paid, the vessel, its furniture and any portion of the cargo recovered, shall be sold by the supervisor, by public auction, and the proceeds dealt with in accordance with section 9 of the Canals Act 5 of 1864.

27. All notices under rules 21, 22 and 24 shall be issued in writing by the supervisor, and despatched in a registered cover to the owner of the vessel. If the owner be not known or cannot be traced, a general notice shall be posted on the notice board of the Executive Engineer's office. Also it shall be announced by beat of drum at the hat nearest to the place of salvage, and also by advertisement in at least one English and one vernacular Calcutta or local newspaper.

28. No officer of any description or rank employed on the canals shall, either directly or indirectly, bid for or purchase any article sold under these rules or under the provisions of the Act.

29. For any infringement of rules 1 to 8 and 11 to 18, the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 and to an additional fine not exceeding Rs. 5 for each day that the infringement is continued.

LOCAL SELF-GOVERNMENT DEPARTMENT.

NOTIFICATIONS.

Howrah.—No. 2074M.—12th July 1929.—The following proposed plan for lighting a portion of the Bally Municipality in the district of Howrah, which has been submitted by the Commissioners of that municipality to the Government of Bengal for sanction under sections 308 and 319 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), read with rule 2 (2) of the Transferred Subjects (Temporary Administration) Rules, is published for the information of persons likely to be affected thereby.

2. The proposed plan will be taken into consideration on the 2nd September 1929, and any objection or suggestion which may be received by the undersigned through the District Magistrate before that date will be duly considered:—

Proposed Plan.

1. The portion of the Bally Municipality which it is proposed to be lighted with electricity is defined below:—

North—Bally Khal.

East—River Hooghly.

South—A line as indicated by boundary marks, commencing from the river Hooghly at the eastern extremity of the road (now closed), formerly known as Joya Bibi Lane, but now included within the Central Jute Mill; thence along the line formerly occupied by that road to the existing Joya Bibi Lane, thence along the western and northern side of Joya Bibi Lane up to its junction with the bustee road at the south of the Victoria Cotton Mill; thence along the northern side of that road to its junction with Girish Ghosh Lane; thence across Girish Ghosh Lane to Chandapara Lane up to its junction with Grand Trunk Road; thence along the western side of the Grand Trunk Road up to its junction with Kali Mozumdar Road; thence along the northern side of Kali Mozumdar Road up to its junction with Dharmatola Lane; thence along the eastern and northern sides of Dharmatola Lane to a point where it meets the East Indian Railway line at the centre of the up-passenger main line.

West—East Indian Railway line.

2. Four hundred additional electric lamps will be installed on the roads as shown in the accompanying statements A and B. The Commissioners have entered into an agreement with the Calcutta Electric Supply Corporation, Limited, for the installation of these lamps and for their maintenance at the annual rate of Rs. 30-6-10 and Rs. 19-14-1 for each lamp of 60 and 30 watts, respectively, or at a total cost of about Rs. 8,220 burning 25,000 hours per annum.

3. The Municipal Commissioners propose to meet the charge to be incurred on account of lighting the aforesaid area by imposing an annual lighting rate of 2 per cent. on the annual value of all holdings situated within the area to be lighted as defined in paragraph 1 of the plan. The income to be derived from the lighting rate from the aforesaid area is estimated to be about Rs. 8,300.
